Merry Christmas and Happy New Year from the Praetorius Family

Dear All,

The „Christkindl Markt“ in Muenchen – „Christmas Market“ in Munich is an experience well worth one visit – as we all who are fortunate to live around our Bavarian capital know only too well.

Bavaria I refer to with great deliberation as homage and ovation to the accomplishment of our “interplast Bavaria Team” who made these surgical wondrous feats happen! The team headed by Dr. Andreas Schmidt along with Dr. Ales Stanek and Frau Barbara Stauber – please accept our sincerest thanks.

Also we thank Kalindi Hospital in Vikasnagar for allowing us not only free access to the Operation Theaters and Wards for our patients, but also supporting us with the entire infrastructure.

We are deeply grateful.

Marienplatz Munich Christmas Eve 2016

Highlights of 2016, therefore, for us were of quite a different nature, in context with our (still very young GMP-Foundation) – perhaps we should just let the pictures in the attachment speak for themselves
